

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks could be particularly marked for use in dangerous places. A marked forklift indicates the design has met the least standards of ANSI/UL 558 intended for engine powered lift trucks or ANSI/UL 583 intended for electric trucks for the type of label attached.

The use for labels utilized for lift lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas or Use, Maintenance and Operation, and Type Designations. Ask your local insurance carrier and Fire Marshall for further info regarding the approved uses of industrial powered trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels may be put. A labeled truck will have the type description located on the lift truck nameplate and will have one of the following labels put.
